```
GHCi, version 9.4.7: https://www.haskell.org/ghc/ :? for help ghci> length '3'
```

- Couldn't match expected type 't0 a0' with actual
- type 'Char'

<interactive>:1:8: error:

- In the first argument of 'length', namely ''3''
 In the expression: length '3'
 - In an equation for 'it': it = length '3'
